

CrossPointings 12-13

Contributed by

Here's the first-ever CrossPointings.org multicast! Join me (aka wezlo), Jamison (aka Jamison), Matt (aka coderforchrist), and Jim (aka qophelet) as we tackle the comings and goings of current thoughts and goings-on in Christian circles.

Note: The quality isn't great on this one, but it's listenable. Jamison's got a better solution in-line for next week's episode.
